About Evolution Petroleum

Evolution Petroleum Corporation (<http://www.evolutionpetroleum.com>) acquires mature, onshore oil and gas resources and applies conventional and specialized technology to accelerate production and develop incremental reserves and value. The Company focuses on initiatives in EOR, Bypassed Resources and Unconventional Gas development.

Principal assets of the Company include 7.4% in overriding royalty interests and a 25% reversionary working interest in the 13,636 acre Delhi Field Holt Bryant Unit in northeast Louisiana. Having already produced 190 million barrels of oil through primary and secondary recovery methods, the Delhi Holt Bryant Unit is being redeveloped using CO₂ enhanced oil recovery technology. The Company also owns working interests in leases with proved undeveloped reserves and other than proved resources covering more than 10,800 net acres in other states. The Company is actively engaged in multiple development projects for EOR, bypassed resources and unconventional gas resources.

Additional information, including the Company's annual report on Form 10-KSB and its quarterly reports on Form 10-QSB can be accessed on its website at www.evolutionpetroleum.com.
