### **About Evolution Petroleum**

Evolution Petroleum Corporation acquires known, onshore oil and gas resources and applies conventional and specialized technology to accelerate production and develop incremental reserves and value. With no debt and a strong balance sheet, the Company is well positioned to carry out its initiatives in Enhanced Oil Recovery, Bypassed Resources and Unconventional Gas Development.

Principal assets as of July 1, 2008 include 4 MMBOE of proved and 3.1 MMBOE of probable reserves in the Giddings Field of central Texas, approximately 13 MMBO of probable reserves associated with the 13,636 acre Delhi Field Holt Bryant Unit currently being redeveloped with CO<sub>2</sub>-EOR technology in northeast Louisiana, and leases covering approximately 17,600 net acres in two Woodford gas shale projects in Oklahoma. The Company is also actively engaged in developing new projects within its initiatives.

Additional information, including the Company's annual and quarterly reports, can be accessed on its website at <http://www.evolutionpetroleum.com>.
